

ABOUT ASM GROUP

ASM Rolling Mills Pvt Ltd

AS Mechanicals

ASM Tech Consultants Pvt Ltd

ASM Group is a leading manufacturer and supplier specializing in the design and construction of rolling mills & steel plants started with a foresight vision of its Founder & Chairman Mr. Amarjeet Singh. We meet the efficiency and productivity needs of the steel rolling mills with all kinds of machinery & equipment support for various types of steel bars, pipes & tubes, and strip rolling mills. Our monthly fabrication capacity is over 200 MT of steel structure and components. Our success is the quality of our products and services offered to international customers through a well-coordinated and structured sales network in India and abroad.

Identifying an ideal machinery or parts for a specific production process represents the beginning of a partnership between ASM team and its customers which involves constant and lasting assistance over time. Each step from mill to assembly, passing through painting and grinding is planned according to a flow by our team that goes from downstream to upstream in such a way as to limit waste and optimize times. We provide production processes improvements and help obtain certifications such as OHSAS 45001, ISO 9001: 2015, ISO 14001 – relating to safety, quality and the environment.

We provide end-to-end support from consulting, engineering, erection, supervision, commissioning & recommending solutions for various steel mills.

✓ **Revamping Projects**

Our experience, expertise & technical excellence empower us to revamp any rolling mill project & enhance its capabilities.

✓ **Erection & Commissioning**

ASM is fully equipped to undertake the erection & commissioning of large scale rolling mills under any demographic conditions.

✓ **After sale Service**

We offer solutions by supporting clients every time to ensure the smooth functioning of the equipments in rolling mills.
